

How to use Urbania's public services

A visual guide for submitting an external ticket and requesting an appointment through the Event module.

For citizens and external users

Follow the public links, complete the required fields marked with a red asterisk, and retain the confirmation message or email.

What this guide covers

1. External Ticket: send a service request.
2. External Event: select and request an appointment.
3. What happens after submission.

Portal links

External Ticket: <https://urbania.testingelmo.com/external-ticket>

External Event: <https://urbania.testingelmo.com/external-event>

This guide reflects the screens supplied for the Urbania portal. Field labels appear in Italian in the application; this guide explains their purpose in English.

Choose the service you need

Both modules are public: users do not need to navigate the internal Urbania menu.

1. External Ticket

Use this when you need to report or request a service. You choose the municipality, service and year, then provide your contact details and a clear reason for the request.

<https://urbania.testingelmo.com/external-ticket>

2. External Event

Use this to request an appointment. You select the municipality, date and, where available, the time, then provide the attendee's details.

<https://urbania.testingelmo.com/external-event>

External Ticket workflow

Client submits the external request -> staff select **Accettato** -> the acceptance email is sent -> client opens the email link and submits any message/files -> the ticket is created and appears in the **Tickets** page.

Before you begin

Have your personal details ready: first and last name, tax code (**C.F.**), telephone number and email. If you are acting for someone else, also have the delegate's details and any authorization document required by the portal.

Required fields

A red asterisk (*) identifies information the portal requires before it can accept your request.

External Ticket

Create a new service request

STEP 1 - Complete the ticket form

Open the External Ticket link. Select **Comune** (municipality), **Servizio** (service) and **Anno** (year). Enter your personal and contact details, choose the request type, then describe the reason in **Motivazione isfcmaz**. Select **Salva Ticket** when every required field is complete.

Good to know

Use the description field to state the relevant facts, request and useful references. This helps staff handle the ticket without asking for clarification.

Salva Ticket

External Ticket

Submit a request on behalf of another person

OPTIONAL - Use the Delegato checkbox

If a delegate is submitting the request, tick **Delegato**. The form shows the delegate section. Select the delegate's **Ruolo** (role), enter their first name, last name and telephone number, and use **Scarica l'autorizzazione** to download the authorization document when needed.

Good to know

The main personal details remain those of the person concerned by the ticket. The delegate section identifies the person acting for them.

Salva Ticket

External Ticket

Staff approval happens before the email

STEP 1 - Staff select **Accettato**

Urbania staff receive the external request in the External Tickets area. They review the customer, service and request details, assign it where appropriate, and select **Accettato** (Accepted). This is the first action after the client submits the external form. The system sends the acceptance email immediately after this staff approval.

Good to know

Order of this flow: staff select **Accettato** first; the acceptance email is sent next. The external submission creates a request for staff review; it does not yet create the final ticket in the Tickets page.

The screenshot shows the 'Urbania' External Tickets management interface. On the left is a sidebar with navigation options: Dashboard, ANAGRAFICHE (Aggiungi utente, Clienti, Prenotazioni), MAGAZZINO (Contratti, Tickets, Esterna Tickets), Calendario, CARICARE FILE EXCEL, Importazione lettere, Lettere scannerizzate, and CONFIGURAZIONE (Parametri). The main area is titled 'Esterna-Tickets' and shows a list of 37 tickets. The selected ticket is displayed in a form with the following fields:

- Cliente:** BUBBIANO
- Servizio:** ACCERTAMENTO TASI
- Contratto:** ##
- Tipo Chiamata:** Tipo Chiamata
- Assegna Ticket:** Assegna Ticket
- Tipologia Istanza:** RICORSO
- Segnalazione:** Segnalazione
- Urgenza:** Urgenza
- Descrizione:** Descrizione
- Anno:** 2020
- Data notifica:** Data notifica
- Esito:** Esito
- Descrizione esito:** Descrizione esito
- Nome:** Mohamed
- Cognome:** Hassan
- Ragione sociale:** Ragione sociale
- C.F.:** asdsdasdasdas
- P. iva:** P. iva
- Telefono:** 01018557045
- E-mail:** mohamedhassan@
- Indirizzo:** 2 imam malik str
- Città:** Città
- Provincia:** Provincia

On the right, there is a table showing the status of the tickets and the actions available for each:

Stato	Azioni
Accettato	[Icona]
Accettato	[Icona]
Accettato	[Icona]
Sospeso	[Icona]
Accettato	[Icona]
Accettato	[Icona]
Sospeso	[Icona]
Sospeso	[Icona]
Sospeso	[Icona]

At the bottom right, there is a notification: 'Activate Windows. Go to Settings to activate Windows.' with a Windows logo.

External Ticket

Acceptance email after staff approval

STEP 2 - Open the email sent after status is Accettato

After staff select **Accettato**, the system sends the acceptance email. The email contains a private link. The client must open this link to reach the follow-up area and provide any final message or supporting file before the ticket is created in the Tickets page.

Good to know

The link is personal to the request. Keep it private and do not forward it to anyone who should not access the request.

Ticket accepted successfully.

Your ticket has been accepted and created in the system.

Ticket Number: 3224_2026

Created At: 23/07/2026 10:33

Edit Ticket

If the button does not work, open this link: <https://urbania.testingelmo.com/sollecito?ticketId=3224&token=f892131998856fccb94aebdb27f30ca3>

External Ticket

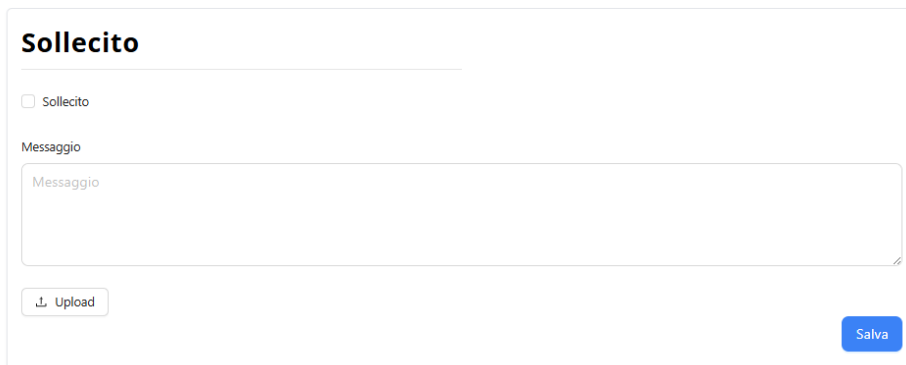

Send a message or attach a file

STEP 3 - Use the link from the acceptance email

The link opens the **Sollecito** (follow-up) page. Enter a message for Urbania staff, then use **Upload** to select and attach a file when supporting documentation is needed. Tick **Sollecito** if applicable and select **Salva** (Save). This is the client action that completes the accepted external request.

Good to know

Use this page only after staff have accepted the external request. Include files that help staff process the request, and make the message clear and specific.

The screenshot shows a web form titled "Sollecito". At the top, there is a checkbox labeled "Sollecito". Below this, the label "Messaggio" is followed by a large text input area containing the placeholder text "Messaggio". At the bottom left of the form, there is a button labeled "Upload" with a small icon of a document with an arrow. At the bottom right, there is a blue button labeled "Salva".

External Ticket

Ticket created in the Tickets page

STEP 4 - Ticket becomes available in Urbania

After the client saves the message or attachment from the email link, the system creates the ticket. It then appears in the **Tickets** page, where Urbania staff can manage it through the normal ticket workflow. The ticket number is available for future communication and tracking.

Good to know

The flow is complete only when the ticket appears in the Tickets page: staff accept the external request, the client completes the email-link follow-up, and the system creates the ticket.

External Event

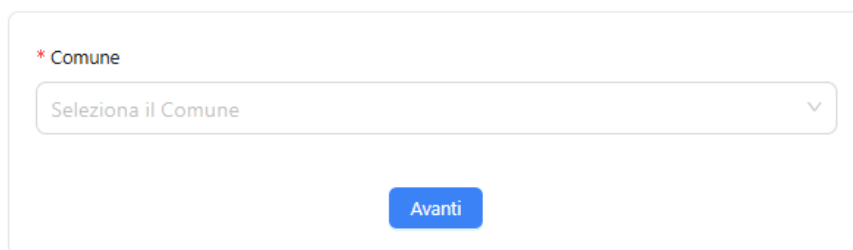

Request an appointment

STEP 1 - Choose the municipality

Open the External Event link. In the first screen, select the required **Comune** (municipality) from the list, then select **Avanti** (Next) to continue to the calendar.

Good to know

The municipality determines the dates and time slots made available for the appointment.

The screenshot shows a web form for selecting a municipality. At the top left, there is a red asterisk followed by the text '* Comune'. Below this is a dropdown menu with the placeholder text 'Seleziona il Comune' and a downward-pointing arrow on the right. Centered below the dropdown is a blue button with the white text 'Avanti'.

External Event

Select an available date and time

STEP 2 - Use the calendar

Use the left and right arrows to browse months. Select an available day, then choose a time from the list when times are displayed. Click **Salva** (Save) to proceed. Use **Indietro** (Back) if you need to return to the previous step.

The left screenshot shows a calendar for July 2026. The days of the week are LUN, MAR, MER, GIO, VEN, SAB, DOM. The dates are arranged in a grid. The 28th is selected. Below the calendar are two buttons: Indietro (Back) and Salva (Save).

The right screenshot shows the same calendar for July 2026. The 28th is selected. To the right of the calendar, there is a list of times: 09:35, 10:45, 11:20, 11:55, and 12:30. The 12:30 time slot is highlighted. Below the calendar and the time list are two buttons: Indietro (Back) and Salva (Save).

Availability

Only dates and times offered by the calendar can be selected. If the preferred slot is unavailable, choose another available slot or return later to check the calendar.

External Event

Enter the attendee's information

STEP 3 - Complete and confirm the request

Enter the attendee's **Nome** (first name), **Cognome** (last name), **C.F.** (tax code), telephone number and email. Select **Azienda?** if relevant, choose a **Motivo** (reason) when available and add a clear message. Click **Conferma** (Confirm) to send the reservation request.

Good to know

Check the email address carefully. Confirmation or update messages are sent to the address entered here.

Book for another person

OPTIONAL - Add delegate information

Tick **Delegato** if someone is acting on the attendee's behalf. The form expands to include the delegate area. Enter the delegate's name and surname and use the **Scarica** (Download) link for the authorization document where required before confirming the request.

Good to know

The reservation must still include the details of the person who will attend the appointment.

What happens after an event is requested

Reservation handling by Urbania staff

STAFF FOLLOW-UP

Staff see incoming reservations in **Prenotazioni** (Reservations), where they can review the attendee, email, telephone number, requested date and status. They process the request and, when the appointment is approved, set its **Stato** to **Accettato** (Accepted).

Good to know

The client should wait for the staff decision. Submitting the reservation request does not itself make the appointment final.

Reservation status

How staff record the outcome

STAFF FOLLOW-UP

When staff open a reservation, they can set the **Stato** (status), including options such as *Non assegnato* (not assigned), *Sospeso* (suspended) and *Accettato* (accepted), add a reason or message, and save the update. When **Accettato** is selected, the system sends the client an email with a confirmation link.

Good to know

The link in the email asks the client to take the final action. The appointment is not final until the client confirms it.

Email sent after staff acceptance

STEP 4 - Open the email after status is Accettato

After staff select **Accettato**, the system emails the client with the appointment date and a reservation-control link. The email asks the client to use that link to confirm the reservation or cancel it. Keep the reservation number and date for reference.

Reservation Confirmation

Your reservation has been confirmed with the following details:

- Date: 28/07/2026 09:00

[Confirm Reservation](#)

Thank you for choosing us!

If the link does not open, use this URL: <https://urbania.testingelmo.com/reservation-control?reservationId=60&token=9cbd693de47f05fcfdcd225d76cd796>

Reservation request not accepted.

Unfortunately, your reservation has been refused.

Reservation Number: RES-000061

Reason: asdasd

This email needs a response

Use the link in the acceptance email to confirm or cancel. The email is sent after staff accept the reservation; it is not a final booking until the client completes the response.

External Event

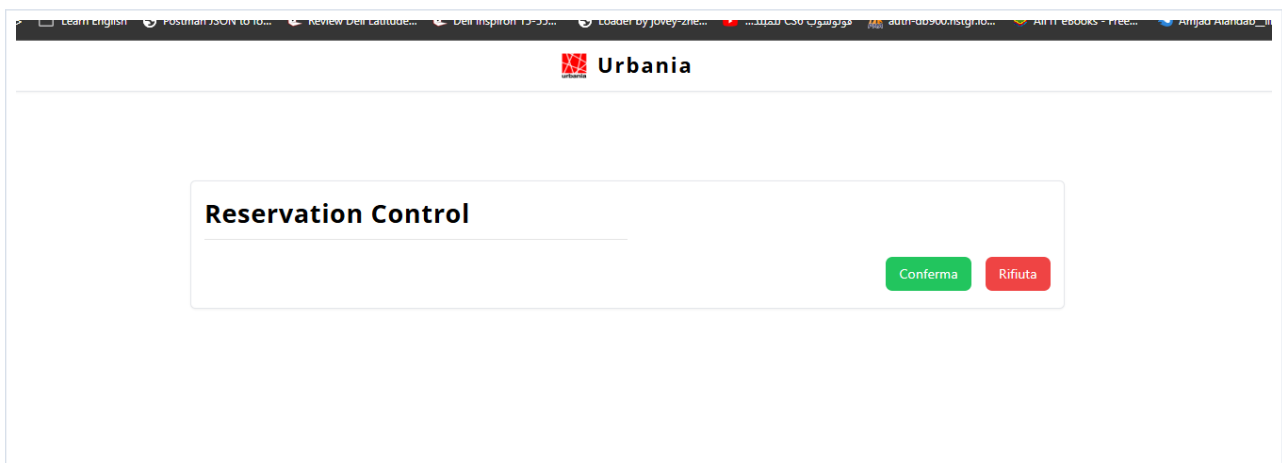

Confirm or cancel from the email link

STEP 5 - Make the final reservation decision

Open the private reservation-control link from the email. Select **Conferma** (Confirm) to accept the proposed appointment, or **Rifiuta** (Refuse) to cancel it. This client action records the final outcome of the reservation request.

Good to know

Choose Confirm only when the date and time work for the attendee. Select Refuse if the appointment is no longer needed or the slot is unsuitable.

Quick checklist

Use this before submitting either public form

1	Select the correct municipality and service or appointment date.
2	Complete every field marked with a red asterisk (*).
3	Verify your email address and telephone number before submitting.
4	If using a delegate, complete the delegate details and download the authorization document when requested.
5	Keep the ticket number once the ticket is created, plus the reservation number and confirmation emails for your records.

Need to make a correction or follow up?

For tickets, use the private link in the acceptance email after staff set the status to Accettato, then save the message or attachment so the ticket can be created. For appointments, use the email link sent after staff acceptance to confirm or cancel. If no email arrives, first check the spam/junk folder.
